
Crack Do King's Bounty Legenda PI

King's Bounty: The Legend is an adventure game with tactical turn-based elements. Battles take place on land or sea, in dungeons or castles, or even in some items! Despite the fact that the game was released recently, it seems to me that everything in it is done simply and tastefully, and when compared with the same legendary "King's Bounty - Princess in Armor", then, most likely, the game turned out to be a little easier, but no less interesting than its famous predecessor. In "Legend", as in "Princess", there are four heroes with completely different characteristics, which can evolve as you progress through the game. One of the heroes has the highest stats, while the other three have the lowest.
