Installing Multiscreen Architecture v2.4 You can't work and buy a new Multiscreen until you first install Multiscreen Architecture. Once Multiscreen is installed, you will not be able to use Autodesk's Multiscreen unless you have installed the Multiscreen Architecture key. 1. Install Multiscreen Start Multiscreen. Windows 2000 and XP: Go to Multiscreen and double-click on the Multiscreen icon. Windows 98: Click on Multiscreen, and on the Multiscreen screen click on the top left box, select "Multiscreen". Windows ME, and older: Use the shortcut "Multiscreen" on your Start menu. Note: You may have to reboot your computer to get the software to recognize the Multiscreen. 2. Install the Multiscreen Architecture key To install the key, click on the Multiscreen icon in Multiscreen. Go to Multiscreen Architecture. Click on the activate Multiscreen Architecture key box on the left of the window. Press ENTER. Note: The text "The product Key will be added to your profile. You will be able to retrieve the key in Autocad" will be displayed. 3. Install Autodesk Autocad Go to Autodesk Autocad. Click on the download button to the left of the Autocad window. The program will start downloading and installing. 4. Select your setup program and click Next Click Next on the Autodesk Autocad Setup Wizard screen. Select the "Autodesk Autocad Installer" setup program, not the "Autodesk Autocad Setup" setup program. The Autocad setup program will start downloading and installing. Click Next when the setup program has finished. You can now start using Autodesk Autocad. How to use the copyright You can't work with Multiscreen Architecture unless you agree to the license agreement in the multiscreen. In the copyright agreement, click on the X next to the box that says "I have read and agree to the Multiscreen Architecture End User License Agreement". In Multiscreen, on the Multiscreen screen, click on the
