Gujarati is a member of the Indo-Aryan branch of the Indo-European family. It has about 50 million speakers of a language spoken in India, mostly in Gujarat. It is estimated that about 46 million speak it in India and 1 million speak it in Africa. It has been written in the Gujarati script since at least the 16th century AD (in 1575-76), and is thus older than Devanagari. Its native Brahmi script is sometimes referred to as a "Gujarati-Brahmi" script. In the past, there have been attempts to promote Gujarati as an alternative to Devanagari. Gujarati is a regional language of India, spoken mainly in the Indian state of Gujarat. As of 2011, it is the fifth most widely spoken native language in India after Hindi, Bengali, Malayalam and Tamil. There are other widely spoken languages of India which are sometimes called "Gujarati", including Gujarati of the western states of Rajasthan and Maharashtra, which are mostly Indo-Aryan languages. The language is officially called Gujarati, but it is also known as "Gujarati", "Gurajat", "Gujaratee", or "Gujrathi". It is also one of the official languages of the Indian state of Gujarat. It is written using the Gujarati script and the Devanagari script. The language was also once the most widely spoken Dravidian language, but is now spoken by less than 10% of people. According to some linguists it is a fronting of Marathi, while others say it is more similar to Odia. The western dialects are close to Marathi, while the eastern dialects are closer to Odia. In India, it is the official language of the state of Gujarat, while it is commonly used in Mumbai, India and the state of Karnataka. It is widely spoken in Pakistan and in the Indian states of Maharashtra, Karnataka, and Goa, as well as in other neighboring countries in the Middle East. It is the national language of Nepal. It is spoken as a second language in countries such as Sri Lanka. In Africa, the language is spoken by about four million people in Eritrea, 4.3 million people in Djibouti, 1 million people in Kenya, and 1.1 million people in Uganda. It is spoken as a native language by 76% of the Afro-Gujarati population of Mozambique, where it is also the first language of most of the local Malayali people, and of the Afro-Gujarati community in Malawi.

Gujarati script is a Brahmic script, most similar to Devanagari script, written from right to left. It is sometimes called "Ragani", meaning "Indian", or "Gujarati" in English, as in the case of the script for the Indian states of Gujarat and Maharashtra. The script for the Indian states of Madhya Pradesh and Rajasthan is known as "Punjabi" because of their similarities to Persian, although it has its own distinctive features. Newly developed company is printing a Gujarati textbook called Gujarati Barakhadi for Android phones. We will now see how to Download Gujarati Barakhadi for PC Windows 10 or 8 or 7 laptop using MemuPlay emulator on your Windows XP, 7 or 10 PC or laptop. Gujarati is a language of the Indo-Aryan branch of the Indo-European language family, like Hindi and Punjabi. It is the language spoken in the Indian state of Gujarat, and it is also spoken in many other places around the world. It is estimated that it is spoken as a first language by about 45.7 million people in India, primarily in Gujarat but also in the states of Maharashtra and Rajasthan. Several dictionaries and grammar books are printed in India based on the Devanagari script. One such example is the 'Gujarati Barakhadi' printed and published by "Gujarat Textbook" in collaboration with the "Centre for Excellence in Teaching Gujarat". The word "Gujarati" in English language refers to the people who speak the language of the state of Gujarat in India. According to census in 2001, the population of people from Gujarat who speak Gujarati as first language is about 55 million people. This number only includes the people who speak Gujarati as their mother tongue. But if we add the people who speak Gujarati as their second or third language, the number will rise up to around 64 million. Sec8ef588b
